

Presented by:  
Shaun Moore, CTO

# "TECH TALK" WEBINAR

Tuesday Oct. 26<sup>th</sup>

11:00 AM EDT

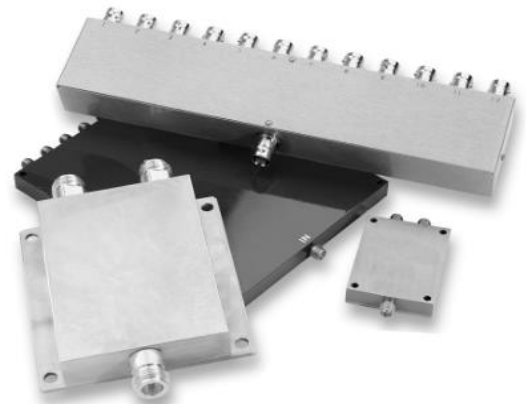

## "Construction Technologies: Differences & Performance Trade-offs"

To maintain a leading-edge position, TRM Microwave has developed expertise in merging Ferrite, Stripline, Microstrip, Coaxial and Airstrip™ Technologies to create innovative designs that satisfy customer requirements.

Simple?

Yes, but not always easy!

In this Tech Talk, TRM's Chief Technology Officer Shaun Moore will share insights into the ways in which each of these construction technologies differ along with the various performance trade-offs associated with each option.

### Concise Format & Convenient Accessibility

Each "Tech Talk" will last approximately 20-30 minutes and will be presented free of charge via the Zoom platform. Each session will also be recorded and stored in a "Tech-Talk" library for future reference. You can [access the library here!](#)
